

ICSTA'19 AND ICAEAM'19

AUGUST 13 - 14, 2019 | LISBON, PORTUGAL

The International Conference of Statistics: Theory and Applications (ICSTA'19) and the International Conference of Advances in Engineering and Applied Mathematics (ICAEAM'19) aims to become the leading annual conferences in each of the specialized fields.

The goal of ICSTA'19 and ICAEAM'19 is to gather scholars from all over the world to present advances in each of the specialized fields and to foster an environment conducive to exchanging ideas and information. Interested authors, researchers, and industrial experts are invited to register for any of the conferences that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.
